Sanata Dharma University

2006 - 2012

Professional Summary

Technical Project Manager with a career built from the ground up — **QA Analyst** → **QA Lead** → **Project Manager** → **Technical PM** across 15+ years in **Gaming** **SaaS** **Web**. That QA foundation is why releases ship clean, risks surface early, and stakeholders stay confident. Currently leading delivery at AccelByte — a B2B gaming infrastructure platform powering live game backends globally.

Featured Experience

AccelByte

TECHNICAL PROJECT MANAGER

2022 - Present

- Drove end-to-end delivery of AccelByte Development Toolkit (ADT) from scoping through public launch — a B2B game backend infrastructure platform.
- Own the release calendar, dependency map, and risk register across engineering, product, and partner teams.
- Translate sprint execution into C-suite visibility, maintaining stakeholder confidence through every milestone.

SoftwareSeni

PROJECT MANAGER

2018 - 2019

- Managed a portfolio of Australian client projects including real-estate web platforms, from kickoff through delivery.
- Coordinated QA, engineering, and client stakeholders across time zones to consistently hit release windows.

Experience Timeline

- **AccelByte** Quality Assurance Analyst 2020-2021
- **Krafthaus Indonesia** Quality Assurance Analyst 2020
- **PT Inspira** Quality Assurance Analyst 2019-2020
- **SoftwareSeni** Quality Assurance Analyst 2017
- **Gameloft** Quality Assurance Lead 2015-2016
- **Gameloft** Quality Assurance Analyst 2011-2015

Featured Projects

AccelByte Development Toolkit (ADT)

TECHNICAL PM

RELEASE MGMT

LAUNCH

Led project management and stakeholder coordination across ADT's full development lifecycle, culminating in a successful public launch to game developers worldwide.

Australian Real Estate Platforms

PROJECT MGMT

QA STRATEGY

WEB

Delivered client-facing property search and listing platforms, managing cross-team coordination and quality gates from requirements through go-live.
